## Juno

**With Juno, plastic chair has come of age. Cast in a single form, it has fluid lines and a light profile, in silhouette and weight. It enjoys all the benefits of simplicity and uniformity but with a clever twist.**

**Designed for residential and contract use, for both indoor and outdoor spaces, Juno comes in four versions: with open or closed backrest, with or without armrests. All versions are available in seven colors: white, black, sand, anthracite, orange, yellow, and red. The seat and backrest can be upholstered upon request. All versions are stackable to allow large-scale use and storage.**

### Designer

James Irvine, 2012

Born in London, James Irvine graduated from the Royal College of Art London in 1984. That same year he moved to Milan, Italy to begin his practice as a design consultant for Olivetti. In 1987, he worked at the Toshiba Design Centre in Tokyo. At this time, he began his own design practice in Milan. From 1993 to 1999, he was a partner of Sottsass Associati Milan responsible for industrial design. Distinguished visually by a geometric formalism, Irvine describes his practice as ultimately guided by a concern for the end user, an independent spirit and attention to the quality of life. After his untimely death in 2013, his originality and design legacy have been taken over by the Irvine Studio, managed by architects Marialaura Rossiello Irvine and Maddalena Casadei.

### Awards

- Interior Innovation Award, 2014, Germany
